Thanks,

Could we get mention of the QA/G-5 QAPP Guidance in the SOW?

For consistency with CERCLA, I think it would help.

Kathy and Elizabeth,

A few proposed changes didn't make it into the document I just sent you.

Could you replace the last version with the attached version?

I apologize for the confusion.

Regards,

John

Kathy and Elizabeth,

The attached file provides a revised draft of the Stibnite AOC Statement of Work (SOW) for your review.

We have tracked our proposed changes relative to your original draft, so hopefully our proposed changes are clear, and that they reflect our discussions from this past Wednesday.

I have not copied personnel with any of the other agencies (USFS and/or IDEQ) on this email, as I assumed you would either distribute the document, or I can if you wish.

If you have any questions or comments that require clarification before our next meeting you can contact me anytime.

Have a great weekend.

John
